Obtaining an OEM Code for an Art-Net device

The Art-Net specification requires all Art-Net devices have a valid OEM code so they can be identified.

To obtain an OEM code for a new Art-Net device, please follow the instructions at:

http://art-net.org.uk/?page_id=203

Artistic Licence offers a free of charge licence to Art-Net as we have published it to the public domain.

Artistic Licence retains copyright and Art-Net is a trade mark of Artistic Licence.

The user guide for any product that implements Art-Net must include the credit: “Art-Net™ Designed by and Copyright Artistic Licence Holdings Ltd”.

Artistic Licence requests but does not require the Art-Net logo to be displayed on the product.

The full Art-Net specification and tools are free to download from the Art-Net website:

http://art-net.org.uk
