NEWS RELEASE

Truss-Ear Launched

In response to customer demand, Artistic Licence is pleased to announce the Truss-Ear!

Truss-Ear is a truss mount adapter, compatible with a range of Artistic Licence products, including DMX-Split RDM, Net-Lynx I/P, Net-Lynx O/P and the soon to be released Power-Hub 4.

The Truss-Ear is simply retrofitted to the product by removal of the end plates. Truss ear provides two thumb screws for added security in addition to dual safety chain mounts.

Attachment points for cable ties are also provided, allowing the product cables to be secured.
