NEWS RELEASE

Artistic go off the rails

Artistic Licence is pleased to announce a new range of DIN rail mounting installation products. The range covers a wide selection of key 'building blocks' for lighting installation control and management.

All products support the new RDM (Remote Device Management) protocol and are presented in an industry standard DIN rail mounting case. The case also provides an option for surface or wall mounting.

The range now includes:

Rail-Demux: A sixteen channel DMX512 to analogue control voltage converter. Perfect for interfacing to architectural ballasts.

Rail-Switch: A six channel DMX512 control relay. Each relay is rated at 6A, 230VAC. Perfect for smoke machines and other stage practicals.

Rail-Darling: A six channel darlington driver. Perfect for simple animatronics and remote control of contactors.

Rail-Split RDM: A six channel DMX512 splitter with support for RDM and High End Systems talkback protocol.

Rail-Pipe: A two circuit controller for colour mixing LED lamps.

Pixi-Power SB1: A 150 pixel controller for Pixi-Bulb, Pixi-Cloth and Pixi-Strip.

See the entire range on booth 3138, LDI Las Vegas.

About Artistic Licence:

Since 1988, Artistic Licence has specialised in the design, development and manufacture of products for the entertainment technology industry. The product range encompasses DMX512-A, RDM, Ethernet, Art-Net and MIDI. The range extends from test equipment to data distribution and motion control to LED lighting.

This vast range of products has evolved from years of experience in solving technical problems. At Artistic Licence, no job is too large or too small and no technology is too old, new or complex.

The Artistic Licence Special Projects department provides a unique service by offering the entire product range as building blocks for custom development. Why reinvent the wheel when you can turn to Artistic Licence!

The product line is available throughout the world via a growing number of progressive dealers, a list of which is available from our web site: www.ArtisticLicence.com

Visitors to our website can also order on-line and download technical data and user guides.

Ends.
